NOTIFICATION.

The 22nd March 1880.—The following rules framed under Section 32 of the Bengal License Act, 1880, are published for general information.

A. MACKENZIE,
Secy. to the Govt. of Bengal.

*Rules for the Administration of the Bengal License Act, under
Section 32 of Act II (B C.) of 1880.*

1. Every person carrying on any trade, dealing, or industry, whose annual earnings from such trade, dealing, or industry amount to Rs. 500 or upwards, must take out and pay for a license under this Act.

2. A person who carries on more than one trade, dealing, or industry is to be taxed, not separately on the profits from each trade, dealing, or industry, but on the collective net profits derived from all such trades, dealings, or industries.

3. When a person or firm carries on two or more trades, dealings, or industries coming under more than one designation, the assessment will be made with reference to the total profits from all such trades, dealings, or industries, but it is within the discretion of the Collector to determine under which particular designation the license will be granted.

4. A person who carries on his trade, dealing, or industry in more than one district need only take out a license in the district in which his principal place of business is situated. When any person liable to assessment is known to carry on business in any other district, the Collector must communicate with the Collector of that other district in order to the formation of an estimate of the annual profits of such person and the determination of his principal place of business. In the event of any dispute arising regarding the district in which the principal place of business is situated, the Collectors will, if their districts are situated in the same division, refer the question for the decision of the Commissioner; otherwise they will apply direct to the Board for orders. Commissioners and the Board are hereby respectively empowered under section 6 of the Act to decide all such questions duly referred to them. The Lieutenant-Governor is however pleased to declare as a general rule that the ordinary place of residence of the person assessed, and in the case of a firm the ordinary place of residence of the head acting partner, shall be held to be the principal place of business of such person or firm. Residence in the suburbs or neighbourhood of Calcutta shall, when the business is carried on in Calcutta, be taken to be residence in Calcutta.

5. In estimating the amount of profits derived from any trade, dealing, or industry, the expenses incurred in carrying on such trade, dealing, or industry must be excluded; but the amount expended on things not directly connected with it, such as the maintenance of the licensee or his family, must not be excluded, as such amounts form part of the taxable profits of the licensee.

6. Under section 5 of the Act the following occupations are exempted from assessment:—

- (1) agriculture;
- (2) the performance by a cultivator or receiver of rent in kind of any process ordinarily employed by a cultivator or receiver of rent in kind to render the produce raised or received by him fit to be taken to market;
- (3) the sale by a cultivator or receiver of rent in kind of the produce raised or received by him, when he does not keep a shop or stall for the sale of such produce.

All servants receiving fixed wages or paid by commission, or partly by wages and partly by commission, whether their duties are such as would ordinarily make them liable under the Act or not, including all mechanics and artisans paid by wages, are exempted from the operation of the Act.

7. Any agriculturist who (besides cultivating land) carries on any trade, dealing, or industry which would, if it formed his sole occupation, subject him to tax, must take out a license with reference to the amount of his earnings from such separate trade, dealing, or industry. Care must be taken in assessing such a person to discriminate between his earnings from his trade or industry and his earnings from his agriculture. Agricultural profits must not on any account be taxed. So, again, no zemindar or rent receiver is liable to tax in respect of his rents. But if he carry on the business of a mahajun or money-lender he should be required to take out a license in respect of his business profits. There will ordinarily be little difficulty in distinguishing between the case of a zemindar who occasionally makes advances to his tenants with the object of assisting them, and the case of a zemindar who regularly carries on 'mahajuni' for his own profit. The former should on no account be taxed under this Act. The latter must take out a license.

Collectors should have little difficulty in deciding generally whether a man's occupation can be described as a 'trade, dealing or industry.' These words are intended only to cover all the operations of commerce, large or small.

8. In determining under which class of the schedule annexed to the Act a person is liable to be assessed, the Collector must endeavour so to regulate the incidence of the tax that the fee payable by any person shall not exceed 2 per cent. upon his annual earnings. In the inquiry which is to be made into the amount of each licensee's income the Collector should base his estimate on any information voluntarily given to him by the licensee, or on any other indirect evidence which may be available to him. It will be for the licensee to show that the rate of tax proposed is beyond the maximum to which he is liable under the Act.

Table of fees.

9. The following table shows the minimum taxable income under each class:—

CLASS.					Minimum taxable income.	Rate of tax.
					Rs.	Rs.
I	25,000	500
II	10,000	200
III	5,000	100
IV	2,500	50
V	1,000	20
VI	500	10

10. In the assessment and collection of the tax the Collector of the district is subject to the control of the Commissioner and the Board of Revenue.

11. The Collector must retain in his own hands the general supervision of the operations under the Act; but he may, with the sanction of the Commissioner, entrust the immediate control and direction of the work to any qualified Assistant or Deputy Collector at head-quarters.

The sanction of Government is not necessary for the exercise and performance (subject to the Collector's orders) by an Assistant or Deputy Collector of any or all of the duties and powers conferred on a Collector under the Act. It is only necessary in the case when any other officer than those above named has been appointed for the purpose. Powers to hear appeals are given below.

12. One or more assessors will be appointed by Government in each district, if necessary, to conduct operations under the Act. No officer, while continuing to hold and to perform the duties of an appointment in the regular establishment of a

Attention is directed to section 17 of the Act. Notices should be served in form (D).

15. Whenever a person carries on his trade, dealing, or industry for a portion of the year less than six months, he may receive a remission of one-half of his license fee on his satisfying the Collector of the district to that effect.

16. Officers of police of or above the rank of Sub-Inspector shall be deemed to be generally empowered to require any person holding a license to produce and show his license. But the Collector may, by an order in writing, generally or specially, empower any other persons to act in this behalf as he may think fit.

By whom production of licences may be required.

Place where payment may be tendered.

or sub-divisional treasury.

17. All fees under the Act must be paid in one sum, and not by instalments.

18. Payment of fees and other demands under the Act must be made at the district or sub-divisional treasury.

19. On payment of the fee specified, the licensee will be entitled to receive a license under the Act, and this license shall be deemed to be a receipt for the fee so paid.

20. The license will be in the form C, and will be printed on such paper, and bear such serial numbers as the Board may prescribe for each district. The forms of licenses for any particular year must be kept separate from the forms of licenses for a preceding year, and on no account should a license intended for one year be granted in a form intended for another year.

21. Whenever the amount of the tax, after being realized, is remitted or reduced on appeal, the license originally issued shall be returned to the Collector at the time the amount refunded is paid. The license should be cancelled, and the fact of cancellation should be noted on the counterfoil. In the case of reduction of the tax, a fresh license will be granted for the reduced sum, the balance due to the assessee being refunded to him; but in the accounts the full amount paid for the cancelled license will be treated as a refund, and the amount of the fresh license as a collection.

22. A petition of objection under section 18 of the Act may be filed within 30 days of the date of the service of the notice under section 17. The Collector may extend this period beyond 30 days, but such period should in no case, unless under very exceptional circumstances, be extended beyond 60 days.

23. No petition of objection should be received when more than 30 days have passed from the date of the service of the notice, unless the license fee charged in the Collector's list is previously paid.

24. As soon as an order for refund has been passed on a petition of objection, payment of the amount should be made.

25. Assessors are not to be allowed any power of deciding objections against their own assessments, except under classes V and VI, in which cases an appeal will lie to the Sub-divisional Officer. In districts where there are no sub-divisions or where the objector is assessed within the Sudder Sub division of the district this appeal will lie to the Assistant or Deputy Collector in charge of License Tax duties at head-quarters.

26. Petitions of objection against assessments in the first four classes must be made to the Assistant or Deputy Collector in charge of the License Tax duties at head-quarters. The appeal from his decision will lie to the Collector of the district.

27. The Sub-divisional Officer or the Deputy Collector in charge at head-quarters shall forward to the Collector a list of those persons who have failed to make payment within 60 days from and after the service of notices under section 17. The Collector shall thereupon

issue orders for the recovery of the license fees and full penalty, unless for good and sufficient reasons the Collector sees fit to postpone the issue of orders in the case of any particular defaulter.

28. Whenever any person whose name is not mentioned in the list framed under section 11 of the Act applies to take out a license he must be required to state, in writing or in reply to formally recorded interrogations (form E.), his name, and the trade, dealing, or industry, under which he is chargeable, and the maximum amount of fee which he considers himself liable to pay under the Act. Any person giving false information on these points is liable to the penalties prescribed by the Penal Code for such offence.

29. The stamp fee chargeable on every petition presented to a Collector under the provisions of sections 18 and 20 of the Act is one anna, and on every petition to a Commissioner under section 21, one rupee.

30. The following registers prescribed by the Board should be kept up in each district. It shall be competent to the Board to add or alter these registers as they may think fit.

Register I.—Register of petitions of objection presented under section 18 of the License Act in each district.

.. *II.*—Register of petitions of appeal presented under section 20 of the Act.

ADDITIONAL RULES FOR THE TOWN OF CALCUTTA.

1. Rules 11, 12, 14, 16, 18, 25, 26 and 27 above shall not have effect in the town of Calcutta.
2. The Collector of Calcutta is appointed by the Lieutenant-Governor, under section 3, to exercise the functions of a Collector under the Act within the local limits of the ordinary original jurisdiction of the High Court.
3. The Collector will be assisted by a Head Assessor and such Assessors as may from time to time be appointed by Government to conduct operations under the Act.
4. It will be necessary to examine the old assessments very carefully before entries are made in the first list framed under section 11, and notices served under section 17. The Head Assessor is authorized, under section 29, to exercise the powers of a Collector in regard to the preparation, publication, and amendment of the list, but before passing any assessments under classes I, II, or III of the schedule, he shall take the special orders of the Collector. As soon as the list has been prepared, the Collector will open a register in the English character in the form below, to be called "Register of Assessors under the License-tax." The register will contain an index. The Collector should take every opportunity of checking the register by personal enquiry. Errors of assessment should be at once rectified if possible, and the register corrected accordingly.

5. Officers of Police of or above the rank of Inspector shall be deemed to be generally empowered to require any person holding a

license to produce and show his license. But the Collector may, by an order in writing, generally or specially empower any other person to act in this behalf, as he may think fit.

6. Payment of fees and other demands under the Act must be made at the Calcutta Collectorate.

7. All petitions of objection against assessments must be heard by the Collector.

8. There is no appeal under the law against the Collector's order on a petition of objection. The Commissioner of the Presidency Division, however, is authorized, under section 21, to revise any order of the Collector, but before calling for the record he must be satisfied that the applicant has established *prima facie* a case of hardship. The Commissioner should arrange to sit at the Collector's office in Calcutta at stated times for the exercise of his power under this rule, and give parties an opportunity of appearing before him.

NOTIFICATION.

The 4th February 1880.—The Lieutenant-Governor is pleased to publish for general information the following Order in Council, and the Regulations appended thereto, for preventing collisions at sea, which will come into force on the 1st September 1880.

H. J. REYNOLDS,

Secy. to the Govt. of Bengal.

At the Court at Osborne House, Isle of Wight, the 14th day of August 1879.

PRESENT:

THE QUEEN'S MOST EXCELLENT MAJESTY IN COUNCIL.

WHEREAS by "The Merchant Shipping Act Amendment Act, 1862," it was enacted that on and after the first day of June one thousand eight hundred and sixty-three, or such later day as might be fixed for the purpose by Order in Council, the Regulations contained in the table marked C in the schedule to the said Act should come into operation and be of the same force as if they were enacted in the body of the said Act; but that Her Majesty might from time to time, on the joint recommendation of the Admiralty and the Board of Trade, by Order in Council, annul or modify any of the said Regulations, or make new Regulations in addition thereto or in substitution therefor; and that any alterations in, or additions to, such Regulations made in manner aforesaid should be of the same force as the Regulations in the said schedule:

And whereas by the same Act it was further provided that whenever it should be made to appear to Her Majesty that the Government of any foreign country was willing that the Regulations for preventing collisions contained in Table C in the schedule to the said Act, or such other Regulations for preventing collisions as are for the time being in force under the said Act, should apply to the ships of such country when beyond the limits of British jurisdiction, Her Majesty might, by Order in Council, direct that such Regulations should apply to the ships of the said foreign country, whether within British jurisdiction or not; and it was further provided by the said Act that whenever an Order in Council had been issued applying any Regulation made by, or in pursuance of, the said Act to the ships of any foreign country, such ships should in all cases arising in any British court, be deemed to be subject to such Regulation, and should, for the purpose of such Regulation, be treated as if they were British ships:

And whereas by an Order in Council made in pursuance of the said recited Act, and dated the ninth day of January one thousand eight hundred and sixty-three, Her Majesty was pleased to direct:—First, that the Regulations contained in the schedule to the said Act should be modified by the substitution for such Regulations of certain Regulations appended to the said Order;

Secondly, that the said Regulations appended to the said Order should, on and after the first day of June one thousand eight hundred and sixty-three, apply to French ships, whether within British jurisdiction or not:

And whereas by several Orders in Council subsequently made, Her Majesty was pleased to direct that the Regulations appended to the said Order of the ninth day of January one thousand eight hundred and sixty-three, should apply to ships of the countries specified in the said Orders, whether within British jurisdiction or not:

And whereas by Order in Council, dated the thirtieth day of July one thousand eight hundred and sixty-eight, Her Majesty, on the joint recommendation of the Admiralty and the Board of Trade, was pleased to make certain additions to the Regulations appended to the said first-recited Order in Council, for the purpose of explaining Articles 11 and 13 of the said Regulations, and of removing doubt and misapprehension concerning the effect of the said two Articles:

And whereas the Admiralty and the Board of Trade have jointly recommended to Her Majesty that the Regulations contained in the Order in Council dated the ninth day of January one thousand eight hundred and sixty-three, and the additions to the said Regulations contained in the said Order in Council of the thirtieth day of July one thousand eight hundred and sixty-eight, shall be annulled from the first day of September one thousand eight hundred and eighty, and that there shall be substituted for the said Regulations and additions respectively the new Regulations hereinafter set forth:

And whereas it has been made to appear to Her Majesty that the governments of the several foreign countries mentioned in the second schedule hereto are respectively willing that the Regulations contained in the first schedule hereto shall apply to ships of the said countries respectively, whether within British jurisdiction or not:

Now therefore Her Majesty, by virtue of the powers vested in Her by the said recited Act, and by and with the advice of Her Privy Council, is pleased to direct:—

First, that on and after the first day of September one thousand eight hundred and eighty, the Regulations appended to the said order in Council of the ninth day of January one thousand eight hundred and sixty-three, and the additions to the said Regulations contained in the said Order in Council of the thirtieth day of July one thousand eight hundred and sixty-eight, shall be annulled, and that there shall be substituted for the said Regulations and additions respectively the new Regulations contained in the first schedule hereto.

Second, that the said Regulations contained in the said first schedule hereto shall, from and after the first day of September one thousand eight hundred and eighty, apply to ships of the countries mentioned in the said second schedule hereto, whether within British jurisdiction or not.

C. L. PEARL.

FIRST SCHEDULE.

REGULATIONS FOR PREVENTING COLLISIONS AT SEA.

Preliminary.

ART. 1. In the following rules every steam-ship which is under sail and not under steam is to be considered a sailing ship; and every steam-ship which is under steam, whether under sail or not, is to be considered a ship under steam.

Rules Concerning Lights.

ART. 2. The lights mentioned in the following Articles, numbered 3, 4, 5, 6, 7, 8, 9, 10, and 11, and no others, shall be carried in all weathers, from sunset to sunrise.

ART. 3. A seagoing steam-ship when under way shall carry—

- (a.) On or in front of the foremast, at a height above the hull of not less than 20 feet, and if the breadth of the ship exceeds 20 feet then at a height above the hull not less than such breadth, a bright white light, so constructed as to show an uniform and unbroken light over an arc of the horizon of 20 points of the compass; so fixed as to throw the light 10 points on each side of the ship, viz. from right ahead to 2 points abaft the beam on either side; and of such a character as to be visible on a dark night, with a clear atmosphere, at a distance of at least five miles.
- (b.) On the starboard side, a green light so constructed as to show an uniform and unbroken light over an arc of the horizon of 10 points of the compass; so fixed as to throw the light from right ahead to 2 points abaft the beam on the starboard side; and of such a character as to be visible on a dark night, with a clear atmosphere, at a distance of at least two miles.
- (c.) On the port side, a red light, so constructed as to show an uniform and unbroken light over an arc of the horizon of 10 points of the compass; so fixed as to throw the light from right ahead to 2 points abaft the beam on the port side, and of such a character as to be visible on a dark night, with a clear atmosphere, at a distance of at least two miles.
- (d.) The said green and red side lights shall be fitted with inboard screens projecting at least three feet forward from the light, so as to prevent these lights from being seen across the bow.

ART. 4. A steam ship, when towing another ship shall, in addition to her side lights, carry two bright white lights in a vertical line one over the other, not less than three feet apart, so as to distinguish her from other steam-ships. Each of these lights shall be of the same construction and character, and shall be carried in the same position, as the white light which other steam-ships are required to carry.

ART. 5. A ship, whether a steam-ship or a sailing ship, when employed either in laying or in picking up a telegraph cable, or which from any accident is not under command, shall at night carry in the same position as the white light which steam-ships are required to carry, and, if a steam-ship, in place of that light, three red lights in globular lanterns, each not less than 10 inches in diameter, in a vertical line one over the other, not less than three feet apart; and shall by day carry in a vertical line one over the other, not less than three feet apart, in front of but not lower than her foremast head, three black balls or shapes, each two feet in diameter.

These shapes and lights are to be taken by approaching ships as signals that the ship using them is not under command, and cannot therefore get out of the way.

The above ships when not making any way through the water, shall not carry the side lights, but when making way shall carry them.

ART. 6. A sailing ship under way, or being towed, shall carry the same lights as are provided by Article 3 for a steam-ship under way, with the exception of the white light, which she shall never carry.

ART. 7. Whenever, as in the case of small vessels during bad weather, the green and red, side lights cannot be fixed, these lights shall be kept on deck, on their respective sides of the vessel, ready for use: and shall, on the approach of or to other vessels, be exhibited on their respective sides in sufficient time to prevent collision, in such manner as to make them most visible, and so that the green light shall not be seen on the port side nor the red light on the starboard side.

To make the use of these portable lights more certain and easy, the lanterns containing them shall each be painted outside with the colour of the light they respectively contain, and shall be provided with proper screens.

ART. 8. A ship, whether a steam-ship or a sailing ship, when at anchor, shall carry where it can best be seen, but at a height not exceeding 20 feet above the hull, a white light, in a globular lantern of not less than eight inches in diameter, and so constructed as to show a clear uniform and unbroken light visible all round the horizon, at a distance of at least one mile.

ART. 9. A pilot vessel, when engaged on her station on pilotage duty, shall not carry the lights required for other vessels, but shall carry a white light at the mast head visible all round the horizon, and shall also exhibit a flare-up light or flare-up lights at short intervals which shall never exceed fifteen minutes.

A pilot vessel, when not engaged on her station on pilotage duty, shall carry lights similar to those of other ships.

ART. 10. (a)—Open fishing boats and other open boats when under way shall not be obliged to carry the side lights required for other vessels; but every such boat shall in lieu thereof have ready at hand a lantern with a green glass on the one side and a red glass on the other side; and on the approach of or to other vessels such lantern shall be exhibited in sufficient time to prevent collision, so that the green light shall not be seen on the port side nor the red light on the starboard side.

(b)—A fishing vessel and an open boat when at anchor shall exhibit a bright white light.

(c)—A fishing vessel when employed in drift net fishing, shall carry on one of her masts two red lights in a vertical line one over the other, not less than three feet apart.

(d)—A trawler at work shall carry on one of her masts two lights in a vertical line one over the other, not less than three feet apart, the upper light red and the lower green, and shall also either carry the side lights required for other vessels, or if the side lights cannot be carried, have ready at hand the coloured lights as provided in Article 7, or a lantern with a red and a green glass as described in paragraph (a) of this Article.

(e)—Fishing vessels and open boats shall not be prevented from using a flare-up in addition if they desire to do so.

(f)—The lights mentioned in this Article are substituted for those mentioned in the 12th, 13th, and 14th Articles of the Convention between France and England scheduled to the British Sea Fisheries Act, 1868.

(g)—All lights required by this Article, except side lights, shall be in globular lanterns so constructed as to show all round the horizon.

ART. 11. A ship which is being overtaken by another shall show from her stern to such last-mentioned ship a white light or a flare-up light.

Sound Signals for Fog, &c.

ART. 12. A steam-ship shall be provided with a steam whistle, or other efficient steam sound signal, so placed that the sound may not be intercepted by any obstructions, and with an efficient fog horn to be sounded by bellows or other mechanical means, and also with an efficient bell. A sailing ship shall be provided with a similar fog horn and bell.

In fog, mist, or falling snow, whether by day or night, the signals described in this Article shall be used as follows, that is to say—

(a)—A steam-ship under way shall make with her steam whistle, or other steam sound signal, at intervals of not more than two minutes, a prolonged blast.

(b)—A sailing ship under way shall make with her fog horn, at intervals of not more than two minutes, when on the starboard tack one blast, when on the port tack two blasts in succession, and when with the wind abaft the beam three blasts in succession.

(c)—A steam ship, and a sailing ship when not under way shall, at intervals of not more than two minutes, ring the bell.

Speed of Ships to be moderate in Fog, &c.

ART. 13. Every ship, whether a sailing ship or steam-ship, shall in a fog, mist, or falling snow go at a moderate speed.

Seering and Sailing Rules.

ART. 14. When two sailing ships are approaching one another, so as to involve risk of collision, one of them shall keep out of the way of the other as follows, viz.—

(a)—A ship which is running free shall keep out of the way of a ship which is close-hauled.

(b)—A ship which is close-hauled on the port tack shall keep out of the way of a ship which is close-hauled on the starboard tack.

(c)—When both are running free with the wind on different sides the ship which has the wind on the port side shall keep out of the way of the other.

(d)—When both are running free with the wind on the same side, the ship which is to windward shall keep out of the way of the ship which is to leeward.

(e)—A ship which has the wind aft shall keep out of the way of the other ship.

ART. 15. If two ships under steam are meeting end on, or nearly end on, so as to involve risk of collision, each shall alter her course to starboard, so that each may pass on the port side of the other.

This Article only applies to cases where ships are meeting end on, or nearly end on, in such a manner as to involve risk of collision, and does not apply to two ships which must, if both keep on their respective courses, pass clear of each other.

The only cases to which it does apply are, when each of the two ships is end on, or nearly end on to the other, in other words, to cases in which by day each ship sees the mast of the other in a line, or nearly in a line, with her own; and by night, to cases in which each ship is in such a position as to see both the side lights of the other.

It does not apply by day to cases in which a ship sees another ahead crossing her own course; or by night, to cases where the red light of one ship is opposed to the red light of the other, or where the green light of one ship is opposed to the green light of the other, or where a red light without a green light, or a green light without a red light is seen ahead, or where both green and red lights are seen anywhere but ahead.

ART. 16. If two ships under steam are crossing so as to involve risk of collision, the ship which has the other on her own starboard side shall keep out of the way of the other.

ART. 17. If two ships, one of which is a sailing ship and the other a steam-ship, are proceeding in such directions as to involve risk of collision, the steam-ship shall keep out of the way of the sailing ship.

ART. 18. Every steam-ship when approaching another ship, so as to involve risk of collision, shall slacken her speed, or stop and reverse if necessary.

ART. 19. In taking any course authorized or required by these Regulations a steam-ship under way may indicate that course to any other ship which she has in sight by the following signals on her steam whistle, viz.—

One short blast to mean—"I am directing my course to starboard."

Two short blasts to mean—"I am directing my course to port."

Three short blasts to mean—"I am going full speed astern."

The use of these signals is optional; but if they are used the course of the ship must be in accordance with the signal made.

ART. 20. Notwithstanding anything contained in any preceding Article every ship whether a sailing ship or steam-ship overtaking any other, shall keep out of the way of the overtaken ship.

ART. 21. In narrow channels every steam-ship shall, when it is safe and practicable, keep to that side of the fairway or midchannel which lies on the starboard side of such ship.

ART. 22. Where by the above rules one of two ships is to keep out of the way the other shall keep her course.

ART. 23. In obeying and construing these rules due regard shall be had to all dangers of navigation, and to any special circumstances which may render a departure from the above rules necessary in order to avoid immediate danger.

No Ship under any circumstances to neglect proper precautions.

ART. 24. Nothing in these rules shall exonerate any ship, or the owner, or master, or crew thereof, from the consequences of any neglect to carry lights or signals, or of any neglect to keep a proper look-out, or of the neglect of any precaution which may be required by the ordinary practice of seamen, or by the special circumstances of the case.

Reservation of Rules for Harbours and Inland Navigation.

ART. 25. Nothing in these rules shall interfere with the operation of a special rule duly made by local authority relative to the navigation of any harbour, river, or inland navigation.

Special Lights for Squadrons and Convoys.

ART. 26. Nothing in these rules shall interfere with the operation of any special rules made by the Government of any nation with respect to additional station and signal lights for two or more ships of war, or for ships sailing under convoy.

Lieutenant-Governor, with the sanction of the Governor-General in Council, has constituted the office of Additional Judge of

Burdwan

The Lieutenant-Governor directs that the Court of the Additional Judge of Burdwan shall ordinarily be held at Bankoora, but may be held at Burdwan when the District Judge so directs, or on the occasion of his absence from Burdwan.

The Lieutenant-Governor also directs, under Act V (B.C.) of 1869, that the Court of Session of Burdwan shall sit at Bankoora for the trial of cases committed by any Magistrate in West Burdwan.

The above arrangements will take effect from the date on which the officer appointed to act as Judge of the amalgamated districts assumes charge of his duties.

The Lieutenant-Governor has also appointed a separate officer to be District and Sessions Judge of Chittagong; and the Commissioner of Chittagong will cease to hold that office from the date on which he makes over charge of his duties as District and Sessions Judge to the officer appointed to perform those duties.

NOTIFICATION.

The 6th April 1880.—The following revised notification is published for general information, in supersession of the notification of the 27th March 1880, published at page 251, Part I of the *Calcutta Gazette* of the 31st idem:—

Whereas His Excellency the Governor-General of India in Council has approved of the office of Judge of Chittagong being separated from that of Commissioner and of the abolition of the office of Additional Judge at that place, and has also approved of the amalgamation of the Judgeships of East Burdwan and Bankoora (West Burdwan), the Lieutenant-Governor of Bengal, in exercise of the powers vested in him by Section 18, Act VI of 1871, directs that the jurisdiction of the District Judge of East Burdwan (to be hereafter called Burdwan) shall include the present Judgeship of Bankoora (West Burdwan),

which is abolished; and also under the powers vested in him by the Code of Criminal Procedure, Section 18, abolishes the Sessions Court of Bankoora, and directs that the jurisdiction thereof shall be included within the jurisdiction of the Sessions Division of East Burdwan to be called Burdwan. And whereas the business pending before the District Judge of Burdwan will require the aid of an Additional Judge for its speedy disposal, the

Act VI of 1871, section 7.

Lieutenant-Governor, with the sanction of the Governor-General in Council, has constituted the office of Additional Judge of

Burdwan.

The Lieutenant-Governor directs that the Court of the Additional Judge of Burdwan shall ordinarily be held at Bankoora, but may be held at Burdwan when the District Judge so directs, or on the occasion of his absence from Burdwan.

The Lieutenant-Governor also directs, under Act V (B.C.) of 1869, that the Court of Session of Burdwan shall sit at Bankoora for the trial of cases committed by any Magistrate in West Burdwan.

The above arrangements will take effect from the date on which the officer appointed to act as Judge of the amalgamated districts assumes charge of his duties.

The Lieutenant-Governor has also appointed a separate officer to be District and Sessions Judge of Chittagong; and the Commissioner of Chittagong will cease to hold that office from the date on which he makes over charge of his duties as District and Sessions Judge to the officer appointed to perform those duties.

A. MACKENZIE,
Secy. to the Govt. of Bengal.

NOTIFICATION.

The 12th April 1880.—In exercise of the powers conferred upon him by section 314 of the Bengal Municipal Act, 1876, the Lieutenant-Governor is pleased to confirm the following bye-laws, which were made by the Commissioners of the Burdwan Municipality at a meeting convened expressly for the purpose, and of which due notice had been given; and in exercise of the powers conferred by section 315 of the same Act, the Lieutenant-Governor is pleased to sanction the penalties which have been declared by the said Commissioners for the breach of the said bye-laws:—

BYE-LAWS.

For regulating the conduct of business at Meetings of the Commissioners.

1. MEETINGS shall be convened by the Chairman or Vice-Chairman by notice to be addressed to each Commissioner, at least three days before the day of the meeting.
2. In the event of the Chairman or Vice-Chairman determining to call a special meeting, not less than two clear days' notice shall be given to the Commissioners of the day fixed for such special meeting.
3. Every notice convening a meeting shall be accompanied by a list of the business signed by the Chairman or Vice-Chairman to be brought forward at such meeting.
4. Any Commissioner wishing to bring forward any business shall give notice of such intention in writing to the Chairman so as to admit of its being included in the list of business to be brought forward at such meeting.
5. No resolution or any business or proposition not included in the list of business shall be considered final unless ratified at a subsequent meeting.
6. At all ordinary meetings the proceedings shall be commenced by the minutes of the last ordinary or special meeting being read with a view to ascertain if the resolutions passed at such meeting have been faithfully and accurately recorded in the words used by the mover of such resolution, or if amendments thereto shall have been passed, in the words used by the mover of such duly passed amendments.
7. In the event of any Commissioner being of opinion that any such resolution has not been accurately recorded, it shall be competent to such Commissioner to state his opinion to that effect, and thereupon the Chairman shall decide whether or no such resolution has been accurately recorded by reference to the original draft of such resolution written and signed by the mover, and if he finds the minute to be inaccurate, he shall then and there make the necessary correction in the Minute-book, provided that no discussion as to the propriety or otherwise of such resolution shall be allowed.
8. The order in which the several subjects shall be discussed at a meeting shall be determined by the order in which they are mentioned in the Chairman's list.
9. On the Commissioners proceeding to the consideration of any subject, the letters and papers connected with such subject shall first be read, and thereupon any Commissioner may make a proposition regarding such subject, and address the meeting prior to the question being put to vote by the President; provided that such Commissioner shall confine his remarks to the subject under consideration.
10. Every proposition made shall be written out by the proposer and signed by him.
11. Every proposition shall be seconded by one Commissioner, who shall also sign or initial the draft proposition written by the proposer.
12. The Commissioner who first addresses the meeting shall be entitled to be heard first, and should more than one Commissioner address the meeting, the right of precedence shall be determined by the President.
13. Any Commissioner shall be at liberty to call the attention of the President to a point of order, even when a Commissioner is addressing the meeting.

14. Any Commissioner may propose an amendment to a proposition to the effect that certain words in the proposition originally made be omitted therefrom, that certain words be substituted, or that certain words be added thereto, provided that such amendment be proposed when the subject is being discussed and the original proposition is still before the meeting.

15. On the discussion being concluded in the event of several amendments having been proposed, the President shall put the last amendment to the vote first; if negatived, he shall put the second amendment, and then the first; and if all the amendments are lost, the original proposition shall be put to the vote.

16. No Commissioner shall be allowed to vote by proxy when he is unable to attend a meeting, or under any circumstances.

17. On a proposition being made and seconded, the President shall put the same to the vote.

18. Votes shall be taken by show of hands.

19. All votes shall be put by the President first in the affirmative and then in the negative form.

20. Any Commissioner may decline to vote on any subject without assigning his reason for abstaining from voting.

21. Any Commissioner may, with the President's permission, make a proposition that a subject under consideration be postponed, or that the consideration of it be adjourned either to a fixed date or *sine die*.

22. It shall be competent to any Commissioner to move a resolution to the effect that the subject under consideration be referred to a committee, provided that such Commissioner shall also at the same time propose the names of the members of such committee.

23. It shall be competent to the members of any such committee appointed to vote at any general meeting on the subject reported on by such committee.

24. Should any Commissioner object to any part of a report submitted by such committee, such Commissioner shall be competent to make a proposition that the report be adopted, except with regard to the particular part objected to by him, or that such report be again referred to the committee, or that the report be entirely set aside.

25. A subject once finally disposed of by a resolution duly passed at a meeting shall not be re-opened at any subsequent meeting, unless at least three-fourths of the Commissioners present at a meeting of which due notice has been given consent that such subject shall be re-opened and reconsidered, provided that resolutions adjourning the consideration of a subject may be reconsidered at any meeting after the usual notice.

26. The minutes of the proceedings of all meetings shall show the names of the President and of all members attending, the words of every proposition and every amendment, and in cases where votes are taken, the number of votes *pro* and *con*.

For regulating the mode of collecting taxes.

27. Every collecting officer shall be provided with a certificate of his authority to collect, and every such certificate shall bear the seal of the municipality and the signature of the Chairman. Every collecting officer at the time of demanding payment shall be bound to show this certificate if required.

28. Every person required in writing to furnish any schedule, return, or information which the Commissioners may lawfully require him to furnish, shall send such schedule, return, or information to the office of the Commissioners within one week from the service of the requisition in the manner described in section 367 of the Act. Any person failing to do so shall be liable to a penalty not exceeding Rs. 10 for the omission, and to a penalty of not exceeding Rs. 5 for every day the omission shall after warning continue.

29. Payment of purchase-money for property sold and delivery of the property shall, if required, be made immediately after the sale; and if the purchaser fail to pay the full amount of his bid, it shall be lawful for the distraining officer, at his discretion, to sell the property again on the same or any other day, and the first purchaser shall in such case be responsible to the Commissioners for any loss, which shall be recoverable as a debt due to them.

For regulating the conduct of persons employed by the Commissioners.

30. All persons employed by the Commissioners, whose services may be no longer required, shall be liable to discharge after receipt of previous notice, or pay in advance for the period of one month; and no such person shall withdraw from the duties of his office without having given previous notice for the period of one month, on pain of forfeiture of one month's salary.

NOTIFICATION.

The 6th April 1880.—The following revised notification is published for general information, in supersession of the notification of the 27th March 1880, published at page 251, Part I of the *Calcutta Gazette* of the 31st idem:—

Whereas His Excellency the Governor-General of India in Council has approved of the office of Judge of Chittagong being separated from that of Commissioner and of the abolition of the office of Additional Judge at that place, and has also approved of the amalgamation of the Judgeships of East Burdwan and Bankoora (West Burdwan), the Lieutenant-Governor of Bengal, in exercise of the powers vested in him by Section 18, Act VI of 1871, directs that the jurisdiction of the District Judge of East Burdwan (to be hereafter called Burdwan) shall include the present Judgeship of Bankoora (West Burdwan), which is abolished; and also under the powers vested in him by the Code of Criminal Procedure, Section 13, abolishes the Sessions Court of Bankoora, and directs that the jurisdiction thereof shall be included within the jurisdiction of the Sessions Division of East Burdwan to be called Burdwan. And whereas the business pending before the District Judge of Burdwan will require the aid of an Additional Judge for its speedy disposal, the Lieutenant-Governor, with the sanction of the Governor-General in Council, has constituted the office of Additional Judge of Burdwan.

The Lieutenant-Governor directs that the Court of the Additional Judge of Burdwan shall ordinarily be held at Bankoora, but may be held at Burdwan when the District Judge so directs, or on the occasion of his absence from Burdwan.

The Lieutenant-Governor also directs, under Act V (B.C.) of 1869, that the Court of Session of Burdwan shall sit at Bankoora for the trial of cases committed by any Magistrate in West Burdwan.

The above arrangements will take effect from the date on which the officer appointed to act as Judge of the amalgamated districts assumes charge of his duties.

The Lieutenant-Governor has also appointed a separate officer to be District and Sessions Judge of Chittagong; and the Commissioner of Chittagong will cease to hold that office from the date on which he makes over charge of his duties as District and Sessions Judge to the officer appointed to perform those duties.

HIGH COURT NOTICES.

Circular Order issued by authority of the High Court of Judicature at Fort William in Bengal.

CIVIL.

No. 15, dated the 20th March 1880.

It having been brought to the notice of the Judges that casual leave, meaning, as it does, "occasional absence from illness and other necessary causes," ought not to be formally granted, as no such power is now vested in District Judges, the Court are pleased to cancel Circular Memo. No. 10, dated 20th July 1875.

CRIMINAL.

No. 3, dated the 24th March 1880.

The High Court of Judicature is pleased to prescribe the annexed forms for recording confessions and examinations of accused persons, and to direct that such confessions and examinations be invariably recorded in the printed and prepared forms which will be supplied for the purpose by the Superintendent of Stationery.

2. The Court finds it necessary, at the same time, to call attention to the frequent failure of justice arising from the neglect of Magistrates to observe the indispensable forms in recording and attesting confessions, and to remind these officers how much often depends on their accurate observance of these forms. In some cases the neglect may be remedied at the cost of serious public inconvenience and loss of time; in others, it is irreparable, and

may result in the escape of a guilty person. On the other hand, it is equally desirable that Magistrates should act with deliberation in examining persons brought before them for the purpose of making confessions, and should, as far as possible, satisfy themselves, that the confession is voluntary—and this not merely from the declaration of the accused but from an attentive observation of his demeanour.

3. The Code of Criminal Procedure being the basis of every Magistrate's exercise of functions, and its provisions having now been in force for many years, such omissions are inexcusable, and it will be matter for the Court's consideration, when such cases come before it, whether the conduct of the officer who is to blame shall not be brought conspicuously to the notice of the local Government.

4. Magistrates are desired to keep by them, for convenience sake, in every place where they are likely to be called upon to perform the duty of examining accused persons, copies of the forms now prescribed.

NOTIFICATION.

The 26th April 1880.—The following revised rules for the election of Municipal Commissioners in the town of Serampore, sanctioned by the Lieutenant-Governor under Section 16 of Bengal Act V of 1876, are published for general information. They will come into effect from 1st January next :—

1. There shall be eighteen Municipal Commissioners for Serampore, of whom twelve shall be elected by the rate-payers and six appointed by the Lieutenant-Governor.

2. The qualification of a voter will be as follows :—

He must be a male rate-payer of full age, and must have paid house-rate on his own account to the amount of Rs. 4 for the year ending the 31st December next preceding the election.

3. The qualification of a candidate for election shall be as follows :—

He must be a registered male rate-payer of full age, resident within the municipal limits, or within three miles thereof, who can read and write, and has never been convicted of a non-bailable offence. He must have paid house-rate on his own account to the amount of Rs. 10 for the year ending the 31st December next preceding the election.

4. The jurisdiction of the Serampore Municipality shall be divided into three quarters or wards, which shall return members as follows :—

Serampore with Chattra and Bullubpore	7
Mahesh and Rishra	3
Connaghur	2
Total	12

5. Any two rate-payers qualified to vote may nominate a candidate, and may inform the sub-divisional officer of his candidature on any day not later than the last day of February. The sub-divisional officer shall ascertain if the candidate accepts the candidature and is qualified under the rules; and if so, he shall notify such candidature at the sub-divisional cutcherry and at one or more police stations and school-houses in the town as he may see fit. Such notifications shall state the name, residence, and qualifications of the candidate.

6. If any rate-payer objects to the eligibility of any candidate, he may on some day not later than the 6th March notify such objection in writing to the sub-divisional officer, who shall hear and finally decide any question of eligibility. On the 10th March the final list of candidates shall be notified at the sub-divisional cutcherry, and in at least one conspicuous place in each quarter. The candidates named in this list, and no others, shall be eligible for election.

7. The Municipal Commissioners shall appoint a sub-committee of three of their number to assist the sub-divisional officer in carrying out the following rules regarding elections.

The sub-divisional officer shall decide on what day, not later than 25th March, and at what places in the town, the poll shall be held, and he shall notify such decision at the sub-divisional cutcherry, and in at least one place in each quarter.

8. As soon as possible after the publication of these rules, the sub-divisional officer shall prepare a list of all persons qualified under Rule 2 as voters for each ward. A copy of this list shall be exposed at the sub-divisional cutcherry and municipal office, and a copy of so much of the list as relates to each quarter in some police stations, school-houses, or other accessible public place in each quarter of the town. All persons mentioned in the list shall be entitled to a vote in the election of Municipal Commissioners for the ward.

9. No rate-payer shall be entitled to vote for more than one person, or in more than one ward.

10. Votes shall be recorded by such polling clerks as may be appointed by the Chairman of the Commissioners. There shall be at least one polling clerk for each polling place, who shall stay at the polling place for such hours as the sub-divisional officer may fix on the day of the poll. During those hours fixed for the polling, and at no other time, votes shall be recorded. The poll shall not under any circumstances be closed before 6 p.m.

11. Each rate-payer who desires to record his vote may do so in one of the following ways :—

1.—He may attend in person at the polling place, when he shall state his name and residence, and the candidate being one of the candidates named in the published list for whom he votes.

- 2.—He may forward in a sealed cover to the polling officer, to be delivered during the hours for polling, a paper on which the name of the candidate voted for, and his own name and address, are recorded in a legible hand, with a declaration signed by him that he intends to vote for such candidate.

The election sub committee shall, acting under the sub-divisional officer's instructions, make such arrangements as they may see fit for identifying voters in case of doubt.

The polling clerk, on a vote being tendered in either of the two ways mentioned above, shall verify from the list of voters of the quarter whether the intending voter is entitled to a vote for that quarter. If he is so entitled, the vote shall be recorded opposite the elector's name in the list for the ward.

12. Within three days of the close of the poll, the sub-divisional officer and election sub-committee shall scrutinize the registers of the polling clerks, and their decisions of any doubtful points shall be final. The candidates who may stand highest on the poll of their quarter shall be declared to be duly elected.

13. The result of the poll shall be notified at the sub-divisional cutcherry and in each ward, and shall be reported to the Government for publication in the *Gazette*. The candidates declared to be duly elected shall hold office from the 1st April next succeeding the day of their elections.

14. The cost of erecting temporary sheds, of paying polling clerks, or taking any other necessary action under these rules, shall be paid by the Commissioner out of the municipal funds.

Gilchrist Scholarship Examination.

NOTICE is hereby given that the Gilchrist Scholarship Examination will be held for the future on the second Monday in January and following days.

A. W. CROFT, *Director of Public Instruction.*

FORT WILLIAM, the 19th April 1880.

Government Engineering College, Howrah.

OWING to the unexpectedly large number of applicants for admission to the new Engineering College, and the difficulty of obtaining lodgings in Howrah and the neighbourhood, it has been decided to postpone the admission of new students until the beginning of the Session in June 1880. Additional accommodation on the premises for 200 native students will be provided by that date.

There is room for a few more European or Eurasian students in the quarters occupied by the mechanical apprentices.

A. W. CROFT,
Director of Public Instruction.

The 12th April 1880.

Orders by the Vice-Chancellor and Syndicate of the Calcutta University.

The undermentioned Students have passed the examination for Honours in Medicine:—

Mallik Prasaddas, Medical College. | Ray Sibaprasad, Medical College.

A. MACKENZIE,
Secy. to the Govt. of Bengal.

NOTIFICATION.

The 30th April 1880.—In the exercise of the powers conferred on him by Section 314 of the Bengal Municipal Act, 1876, the Lieutenant-Governor is pleased to confirm the bye-laws stated at foot of this notification which were made by the Commissioners of the Municipality of Buxar at a meeting convened expressly for the purpose, and of which due notice had been given, and in the exercise of the powers conferred by Section 315 of the said Act, the Lieutenant-Governor is pleased to sanction the penalties which have been declared by the Commissioners for breaches of the said bye laws.

BYE-LAWS OF THE BUXAR MUNICIPALITY.

For regulating the disposal of offensive matter, rubbish, and dead-bodies of animals.

1. Every person, within whose premises any animal may die, shall, within four hours after its death, or if death occurs at night, within two hours after daylight, either at his own expense dispose of the carcass in such a manner as to preclude all nuisance, or report its death to the conservancy overseer, and in such latter case shall pay to the said overseer the expense of removing the carcass at such rate as the Commissioners may determine; and in cases where the said person is not the owner of the animal, and the owner is known, the owner shall alone be responsible for the payment of such expense, and such expense shall be recoverable as a debt due to the Commissioners. The overseer when called upon shall not neglect to cause the carcass to be removed immediately or as soon as it is possible.

The penalty for infringement shall be a fine not exceeding Rs. 10.

For the regulation and management of privies.

2. Every owner or occupier of any house, land, or premises from which offensive matter is not removed by the said owner or occupier, shall give free access to the servants of the municipality, duly authorized by the Commissioners, to his house, lands, or premises for the removal of any night-soil or filth within such hours as shall be fixed by the Municipal Commissioners.

The penalty for infringement shall be a fine not exceeding Rs. 5.

3. On receipt of a notice from the Municipal Commissioners, every owner or occupier of any house, land, or premises in or on which any well-privy, or other noxious or improperly constructed privy may be situated shall fill up, close, or otherwise alter the construction of the said privy as may be directed in the notice, and if the orders contained in the notice be not carried out within 15 days, the Commissioners may fill up, close, or otherwise alter

the said privy, and any expense incurred in so doing shall be recoverable as a debt due to the Commissioners.

4. No owner or occupier of any house, land, or premises in or on which any privy may be situated, shall allow night-soil or filth of any kind to flow or be discharged from such privy into any drain, water-course, river, tank, hollow, or excavation, or any place containing waste and stagnant water.

The penalty for infringement shall be a fine not exceeding Rs. 20.

5. No person shall throw, deposit, or discharge any night-soil, sewage, or the contents of any drain, privy, or cess-pool into any river, tank, khal, water-course, or receptacle for water, or dispose of the above-mentioned kinds of offensive matter in any other way than as the Municipal Commissioners may from time to time direct.

The penalty for infringement shall be a fine not exceeding Rs. 20.

6. The Municipal Commissioners may direct the use of lime, coal-tar, carbolic acid, or other deodorants or disinfectants in any privy or premises if at any time it seems to them necessary for the preservation of health, or for the prevention of infection or spread of disease; provided that the Municipal Commissioners shall be bound to supply such deodorants at cost price, and the price shall be recoverable as a debt due to the Commissioners.

7. No person shall carry night-soil through the streets otherwise than in a closely covered receptacle of such description and pattern as shall be required from time to time by the Municipal Commissioners.

The penalty for infringement shall be a fine not exceeding Rs. 5.

For regulating traffic in the streets.

8. Every carriage plying in the streets after one hour after sunset shall carry a light or lights.

The penalty for infringement shall be a fine not exceeding Rs. 5.

General Bye-laws.

9. No person shall steep in any river, khal, tank, or ditch within municipal limits any jute, hemp, bamboo, or other vegetable matter likely to render the water of such river, khal, tank, or ditch offensive or noxious to the neighbourhood.

The penalty for infringement shall be a fine not exceeding Rs. 5; the penalty for continued infringement after notice shall be a fine not exceeding Rs. 2 daily.

10. No person shall put, or cause to be put, on any house or other building any spout or other thing intended for the conveyance and discharge of water, which shall be so placed that the water discharged therefrom shall be thrown or shall fall upon any public road or thoroughfare, and the Commissioners shall have power to take down and alter any such spout or other thing now in existence, and to recover the cost as a debt due to the Commissioners.

The penalty for infringement shall be a fine not exceeding Rs. 5.

11. No person shall construct or place over or by the side of any public drain any bridge, platform, building, or structure of any kind, except by and with the written permission of the Commissioners, and in such manner as they shall direct.

The penalty for infringement shall be a fine not exceeding Rs. 10; the penalty for continued infringement after notice shall be a fine not exceeding Rs. 3 daily.

12. If any house, wall, or other erection, or any part thereof, fall upon any public highway, or into any public drain, the owner of such house, wall, or erection shall remove it after notice within the time prescribed by the Commissioners.

The penalty for infringement shall be a fine not exceeding Rs. 10; the penalty for continued infringement after notice shall be a fine not exceeding Rs. 5 daily.

NOTIFICATION.

The 11th May 1880.—In the exercise of the powers conferred upon him by Section 314 of the Bengal Municipal Act, 1876, the Lieutenant-Governor confirms the following bye-laws which were made by the Commissioners of the Hooghly and Chinsurah municipality at a meeting convened expressly for the purpose and of which due notice had been given; and in exercise of the powers conferred by Section 315 of the same Act, the Lieutenant-Governor sanctions the penalties which have been declared by the said Commissioners for the breach of the said bye-laws.

BYE-LAWS FOR THE HOOGHLY AND CHINSURAH MUNICIPALITY.

For regulating the conduct of business at meetings.

1. The day of the meeting shall ordinarily be the second Tuesday in every month, unless the Chairman for any special reason fix any other day. A notice signed by the Chairman or Vice-Chairman shall be circulated at least three days before the day of the meeting.
2. A list of business to be transacted at the meeting shall accompany the notice, and no matter which is not contained in such list shall be brought forward for discussion at any meeting unless with the consent of the majority of the Commissioners present at the meeting.
3. Any member wishing to bring any proposition before the Commissioners at a meeting shall give written notice to the Chairman or Vice-Chairman of his intention to do so, and such proposition shall be included in the next list of business which may be prepared after the receipt of the notice.

For regulating the time and mode of collecting the taxes.

4. Every collecting officer shall be provided with a certificate of his authority to collect, and every such certificate shall bear the seal of the municipality and the signature of the Chairman. Every collecting officer at the time of demanding payment shall be bound to show his certificate if required.
5. Every collecting officer receiving any money in payment of any demand shall give a receipt for it.
6. Every person required in writing to furnish any schedule or return, which the Commissioners may lawfully require him to furnish, shall send such schedule or return to the office of the Commissioners within one week from the date of the service of the requisition in the manner described in section 367 of the Act. Any person failing to do so shall be liable to a penalty not exceeding Rs. 5 for the omission, and to a penalty not exceeding Rs. 2 for every day the omission shall after warning continue.
- Any person submitting a false or incorrect schedule or return shall be liable to a penalty of Rs. 5, provided that nothing in this bye-law shall be held to prevent the institution of a criminal prosecution under the Penal Code, should the facts appear to warrant such a proceeding.
7. Payment of purchase-money for property sold, and the delivery of the property, shall be made immediately after the sale; and if the purchaser fail to pay the full amount of his bid, it shall be lawful for the distraining officer at his discretion to sell the property again on the same day or on any other day, of which due notice shall be given, and the former purchaser shall in such case be responsible to the Commissioners for any loss, which shall be recoverable as a debt due to them.

For regulating the conduct of persons employed by the Commissioners.

8. All persons employed by the Commissioners whose services may be no longer required, shall be liable to discharge after receipt of previous notice, or pay in advance, for the period of one month; and no such person shall withdraw from the duties of his office without having given previous notice for the period of one month, on pain of forfeiture of one month's salary.
9. All persons now holding, or who may hereafter be appointed to, any office under the Commissioners, shall, when required so to do, furnish good security to such amount as the Commissioners may from time to time fix; and any person failing to furnish such security within such time as the Commissioners may appoint, shall be held to have thereby forfeited his appointment, and may be removed from office.
10. The Commissioners shall have power to inflict for neglect of duty a fine not exceeding one month's pay upon any person employed by them.

For regulating the disposal of offensive matter, rubbish, and dead bodies of animals.

11. Every person within whose premises any animal may die shall, within two hours after its death, or, if death occurs at night, within two hours after day-light, either remove at his own expense the carcase to such place as may be set apart by the Commissioners for the reception of such carcases, or report the death to the conservancy overseer of the division within which such premises may be situated, and in such latter case shall pay to the said overseer the expense of removing the carcase at such rate as the Commissioners may determine; and in cases where the said person is not the owner of the animal, and the owner is known, the owner shall alone be responsible for the payment of such expense, and such expense shall be recoverable as a debt due to the Commissioners. No overseer, when called upon, shall neglect to remove a carcase.

The penalty for infringement shall be a fine not exceeding Rs. 10.

12. No person shall deposit, or cause to be deposited, any carcase, or any part of a carcase, in any place other than such places as may from time to time be appointed by the Commissioners for the reception of such carcases.

The penalty for infringement shall be a fine not exceeding Rs. 10.

13. All dust, dirt, and rubbish of every kind, the removal of which is undertaken by the Municipal Commissioners, shall be deposited between the hours of 4 A.M. and 8 A.M. on the side of the road near the entrance of the premises from which it has come.

The penalty for infringement shall be a fine not exceeding Rs. 10.

14. No refuse resulting from any business, trade, or profession shall be removed by the Municipal Commissioners, except on payment for removal at such rate as the Commissioners may determine; and any expense incurred on this account shall be recoverable as a debt due to the Commissioners.

For the regulation and management of privies.

15. Every owner or occupier of any house, land, or premises from which offensive matter is not removed by the said owner or occupier shall give free access to the servants of the municipality to his house, land, or premises for the removal of any night-soil or filth within such hours as may have been fixed by the Municipal Commissioners.

The penalty for infringement shall be a fine not exceeding Rs. 5.

16. Every person shall construct his privy above ground, and shall provide it with a suitable moveable receptacle of metal or earthenware.

The penalty for infringement after notice shall be a fine not exceeding Rs. 20.

17. On receipt of a notice from the Municipal Commissioners every owner or occupier of any house, land, or premises in or on which any well-privy or other noxious or improperly constructed privy may be situated, shall fill up, close, or otherwise alter the construction of the said privy as may be directed in the notice, and if the orders contained in the notice be not carried out within 15 days, the Commissioners may fill up, close, or otherwise alter the said privy, and any expense incurred in so doing shall be recoverable as a debt due to the Commissioners.

18. No owner or occupier of any house, land, or premises in or on which any privy may be situated, shall allow night-soil or filth of any kind to flow or to be discharged from such privy into any drain, watercourse, river, tank, hollow, or excavation, or any place containing waste and stagnant water, or into any other receptacle but one of the nature described in bye-law No 16.

The penalty for infringement shall be a fine not exceeding Rs. 20.

19. No person shall throw, deposit, or discharge any night soil, sewage, or the contents of any drain, privy, or cesspool into any river, tank, khal, watercourse, or receptacle for water, or dispose of the above mentioned kinds of offensive matter in any other way than as the Municipal Commissioners may from time to time direct.

The penalty for infringement shall be a fine not exceeding Rs. 20.

20. No person shall carry night-soil through the streets, except between the hours of 8 A.M. and 7 A.M., or otherwise than in a closely covered receptacle of such description and pattern as shall be from time to time required by the Municipal Commissioners, or use any places other than those approved by the Commissioners for the purpose of depositing such night-soil.

The penalty for infringement shall be a fine not exceeding Rs. 20.

21. No person shall perform any office of nature in any place outside private premises other than such as may have been appointed by the Commissioners, provided that such places have been set apart by the Commissioners.

The penalty for infringement shall be a fine not exceeding Rs. 10.

For regulating traffic in the streets.

22. All wheeled vehicles plying between dusk and dawn shall carry conspicuous lights, except on bright moonlight nights.

The penalty for infringement shall be a fine not exceeding Rs. 10.

23. No owner of any carriage shall allow it to be driven by a driver under 14 years of age.

The penalty for disobedience on the owner's part shall be a fine not exceeding Rs. 10.

For regulating or prohibiting the use of fire-balloons, fireworks, firearms, or missiles in the vicinity of public roads.

24. No one shall let off any fire-balloons, fireworks, firearms, or any missiles in or near a public street without the consent of the Municipal Commissioners previously obtained.

The penalty for infringement shall be a fine not exceeding Rs. 10.

For regulating cremation and burials.

25. No person shall bury, or cause to be buried, any corpse, or part of a corpse, in any burial ground, in a grave constructed of masonry, in such manner that the top of the coffin, or the body where no coffin is used, shall be at a less depth than four feet from the surface ground.

The penalty for infringement shall be a fine not exceeding Rs. 10.

26. No person shall bury, or cause to be buried, in any burial ground, any corpse, or part of a corpse, in a grave not constructed of masonry, which shall be less than five feet deep.

The penalty for infringement shall be a fine not exceeding Rs. 10.

27. No person shall build or dig, or cause to be built or dug, any grave in any burial ground at a less distance than four feet from any other existing grave.

The penalty for infringement shall be a fine not exceeding Rs. 20.

28. No person shall build or dig, or cause to be built or dug, a grave in any burial place in any other line than that marked out by the Commissioners.

The penalty for infringement shall be a fine not exceeding Rs. 20.

29. No grave once used shall be opened for the burial of another body without the permission of the Commissioners.

The penalty for infringement shall be a fine not exceeding Rs. 20.

30. Every person who shall bring or convey, or cause to be brought or conveyed, any corpse, or part thereof, to any burning ground, shall burn, or cause the same to be burnt, within six hours after its arrival at the said burning ground.

The penalty for infringement shall be a fine not exceeding Rs. 20.

31. No person when burning, or causing to be burnt, any corpse, or part of a corpse, in any burning ground shall permit the same, or any part thereof, to remain without being completely reduced to ashes; or shall permit the clothes or other articles connected with the burning of such corpse to remain at or near such burning ground unless the same be completely reduced to ashes.

The penalty for infringement shall be a fine not exceeding Rs. 20.

32. No one shall carry a corpse, or part of a corpse, through any highway unless it be decently covered and totally concealed from public view.

The penalty for infringement shall be a fine not exceeding Rs. 10.

33. No person while carrying any corpse, or part of a corpse, through the precincts falling within municipal limits shall, except for the purpose of ordinary relief, deposit it on or near any public highway.

The penalty for infringement shall be a fine not exceeding Rs. 10.

34. Every corpse, or part of a corpse, that has been kept or used for purposes of dissection must be removed in a closed vehicle.

The penalty for infringement shall be a fine not exceeding Rs. 20.

Miscellaneous bye-laws.

35. No person shall put, or cause to be put, on any house or other building, any spout or other thing intended for the conveyance and discharge of water, which shall be so placed that the water discharged therefrom shall be thrown or fall upon any public road or thoroughfare.

The penalty for infringement shall be a fine not exceeding Rs. 5; the penalty for continued infringement after notice shall be a fine not exceeding Re. 1 daily.

36. No person shall construct or place over, or by the side of, any public drain, any bridge, platform, building, or structure of any kind, except by and with the written permission of the Commissioners, and in such manner as they shall direct.

The penalty for infringement shall be a fine not exceeding Rs. 10; the penalty for continued infringement after notice shall be a fine not exceeding Rs. 3 daily.

37. If any house, wall, or other erection, or any part thereof, fall upon any highway, or into any public drain, the owner of such house, wall, or erection shall remove it after notice within the time prescribed by the Commissioners.

The penalty for infringement shall be a fine not exceeding Rs. 10; the penalty for continued infringement after notice shall be a fine not exceeding Rs. 5 daily.

38. No person shall prepare any channel, or convey water by any channel, across any public thoroughfare, except in such manner as shall have been first approved by the Commissioners.

The penalty for infringement shall be a fine not exceeding Rs. 10; the penalty for continued infringement after notice shall be a fine not exceeding Rs. 2 daily.

39. No person shall steep in any tank or ditch within municipal limits any jute, hemp, or other vegetable matter likely to render the water of such tank or ditch offensive or noxious to the neighbourhood.

The penalty for infringement shall be a fine not exceeding Rs. 5; the penalty for continued infringement after notice shall be a fine not exceeding Rs. 2 daily.

40. No person shall, without the written permission of the Commissioners, set up any obstruction in any public nullah or watercourse, and the Commissioners may order the removal of any such obstruction on ground of public health.

A. MACKENZIE,
Secy. to the Govt. of Bengal.

[First Publication.]

The 7th May 1880.—The following Rules for Cultivation Leases of small lots of Waste Land in the Régulation District of Chittagong are published for general information :—

These rules shall be applicable to all such waste lands being the property of Government and not included in, or required for inclusion in, other settlements, taluki or other, within the limits of the Régulation District of Chittagong, as shall from time to time be applied for by small capitalists for the purposes of ordinary native cultivation.

2. Such lands so applied for shall, with the exception hereinafter provided, be divided into lots of about 50 acres, and their leases disposed of by public auction to the highest bidder. The land shall be divided into lots by the Collector, either according to the wishes of applicants or as may be convenient, but he must be very careful to define the lot as clearly as possible at time of sale.

3. The first lease shall run in every case to the general year of resettlement for the district, viz. 1898 A.D., and the lessee shall have a right of resettlement on such terms and for such period as may then be fixed, provided that the resettlement shall not be for a less period than 20 years.

4. Selected tracts of available waste land shall be put up to auction from time to time. A general notice shall be issued setting forth that leases of the waste lands situated in the mouza or locality specified, will be put up to public auction on a specified date in such lots not exceeding 50 acres as may be applied for, and inviting persons who may wish to bid for any lot or lots of the said lands to put in written application for the same within one month from the date of the publication of the notice.

5. This general notice shall be in the form set out in Appendix A. and shall be published by posting up copies in the offices of the Settlement Officer and the Collector, in the police-station within whose jurisdiction the village lies, and in some conspicuous part of the villages containing or adjoining the tract.

6. The applications for leases therein invited shall be required to contain--

- (1) The name, father's name, and residence of the applicant;
- (2) A specification of the area, situation, boundaries, and general description of the land applied for, so far as they can be ascertained without a detailed survey.

7. On the date fixed in the general notice, all plots that have been applied for shall be put up to auction and leased to the highest bidder.

8. Plots subsequently applied for shall from time to time be put up to auction and disposed of in like manner.

9. At time of sale the Collector shall be careful to notify that the sale is made subject to these rules.

10. It will in every case be in the discretion of the Collector, Settlement Officer, or other officer empowered to hold auctions, when putting up the leases to public competition, to classify the plots as first or second class waste, and to fix the upset rates accordingly.

Those rates will be—

For first class waste.—From the first to the end of the fifth year, at two annas an acre.

From the sixth to the end of the tenth year, at five annas an acre.

Cultivation then found to be measured and assessed at Rs. 2 an acre, the waste remaining at five annas an acre.

For second class waste.—From the first to the end of the fifth year, at one anna and a quarter an acre.

From the sixth to the end of the tenth year, at two annas and a half an acre.

Cultivation then found to be measured and assessed at Rs. 1-4 an acre, the waste remaining at two annas and a half an acre.

11. It shall be a condition of the sale that at the end of the tenth year of the lease, or as soon after as the Collector may think proper, a measurement of the land under cultivation may be made, and the assessment re-adjusted in respect of the area so found, according to the above rates. Any *sunm* and *gorjon kholas* found shall also then be assessed at fair rates. One more similar measurement and re-adjustment of the assessment may be made at any time after the end of the fifteenth year, after which no further measurement or re-adjustment of assessment shall be made till the lease expires.

12. The purchasers of the lots, within one week after the auction, shall deposit the amount of the first year's rental, which shall be taken to cover the expense of mapping, measuring, and demarcating the lots; and no further payment on this account shall be required from the lessee. But the lessee shall bear the cost of clearing the boundary trace when it passes through jungle. If the amount of the first year's rental be not deposited within one week as required above, plus the estimated cost of clearing the boundary trace when necessary, the sale may at the discretion of the Collector be held void, and the lease again put up to auction.

13. An amin shall then be deputed to the village to measure and map the lots and to demarcate the boundaries.

14. The map shall be on the scale of 32 inches to the mile, and shall show all natural features of the plots, such as khals and hills, and shall also show all public pathways. The position of the plot shall in every case be fixed by an offset taken from some permanent and recognizable landmark in the vicinity.

15. The amin shall prepare a field-book of each lot, showing clearly the position and identification of the lands lying within its boundary and also the total area.

16. In demarcating the lots natural boundaries shall be followed as far as possible. The boundaries shall in every case be further demarcated by marks, consisting of posts or tree stems set in mounds of earth at every angle of the boundary. On receipt of the amin's report a lease shall be granted to the purchaser in a form which shall be the counterpart of the form of *kabuliyat* given in Appendix B, together with a copy of the amin's map.

17. If at the time of giving possession of the lot to the lessee any dispute shall arise as to its boundaries or its identity with the lot of which he purchased the lease, the purchaser shall be bound by the decision of the Collector, and if dissatisfied therewith, may throw up the lease, in which case the amount paid as purchase-money will be repaid to him without interest, after deducting any actual expenses incurred on survey, demarcation, or otherwise.

18. Any land covered by the lease which may at any time be required for a public purpose, may be taken up by Government free of cost, a reduction being made in the rent payable under the lease proportional to the area taken up by Government; but the value of any improvement or property therein shall be paid to the lessee, and shall be assessed under the provisions of the law in force for the time being for the acquisition of land for public purposes.

19. The Government reserves to itself the right to all minerals on the lands which may be leased, together with such rights of way and other reasonable facilities as may be requisite for working, getting, and carrying away such minerals.

20. The title conveyed by the lease shall be heritable and transferable, provided that no transfer shall be made of less than the whole area, and that no transfer shall be valid as against Government, but shall, on the contrary, be equivalent to a surrender of the lease, unless notice of the transfer shall have been given by the transferee to the Collector within two months of the transfer.

21. No sub-tenure inconsistent with the conditions, or for a period beyond the term of the lease, can be granted by the lessee, and if the lessee creates an undertenure he shall be bound to impose a condition prohibiting his undertenant from creating any lower undertenure. Such undertenant shall be bound to let to cultivating ryots only.

22. In the case of lands exposed to salt-water inundation and requiring to be protected by embankment, the above rules shall be subject to the following modifications:—

(a) The Collector or other officer empowered in that respect may, at his discretion, offer such lands to auction in lots of such area greater than 50 acres as may be applied for either by a single applicant or by several applicants jointly: provided that such area be not more than can, in the circumstances of the

locality, be effectively protected by a single continuous outer line of embankment, and shall in no case exceed 200 acres if settled with a single applicant, or 50 acres per each applicant if with several applicants jointly.

- (b.) The outer boundary of the grant having been duly demarcated and boundary marks placed by the amin, the applicants shall be required, on pain of forfeiture of the grant in case of default, to complete the demarcation of boundary, within one year from the date of auction, by the erection, at their own cost, of the necessary embankment.
- (c.) In the case of a joint application by several persons, the distribution amongst them of the land within the joint embankment shall be matter of private agreement amongst themselves, and they shall be jointly and severally responsible for the rent of the whole.

23. The rent payable on waste lands leased under these rules shall be paid to the same persons and in the same manner as the revenue payable from Noabad taluks. The last days of payment will be the same as those fixed for payment of Government revenue by zemindars in the Chittagong district.

24. Payment of the rent due on leases granted under these rules shall be enforced and arrears realized by the same process as in the case of Noabad taluks.

NOTICE

[Appendix A, referred to in Rule 5.]

Is hereby given that leases of such waste lands situated in mouza _____ as may be applied for, and as are not included in, or required for inclusion in any other settlement, will be put up at auction to the highest bidder in lots of 50 acres or under, on the _____ The leases will run till the end of the year 1897, but the lessee will acquire the right to the land in perpetuity, subject to resettlement after periods of twenty years. All persons wishing to obtain leases of any such lands of the said mouza are required to file applications in the office of the Settlement Officer, Chittagong, within one month from this day.

The applications must be in writing, on paper, bearing an eight-anna court-fee stamp as required by law, and must contain the following particulars:—

- (1.) The name, father's name, and the residence of the applicant.
- (2.) A specification of the area, situation, boundaries, and general description of the land applied for so far as they can be ascertained without a detailed survey.

1. I enter into a temporary jungleboori settlement at progressive rates for the above-mentioned lands for a term of _____ years, from

* In the case of joint leases under Rule 22, insert here the words "and hereby jointly and severally bind ourselves" and alter the wording throughout as necessary.

12 B to B, and agree* to pay the revenue mentioned above during the aforesaid period, and hereby enter into this engagement with the

following conditions; and I declare the said engagement binding not only on myself, but also on my heirs, representatives, and assignees precisely as if it had been executed by them.

2. I will pay annually the aforesaid revenue to such person and at such place as the Collector may direct in accordance with the instalments therein set forth,—that is to say, from the first to the end of the fifth year Ra. _____, from the sixth to the end of the tenth year Ra. _____.

At the end of the tenth year, or as soon after as the Collector may think proper, a measurement may be made, and the area then found under cultivation shall thenceforth be assessed at the said rate of _____ an acre, the waste remaining at

annas an acre. All *sun* and *gorjon kholas* then found will also be thenceforth assessed at fair rates. One similar measurement and adjustment of assessment may be made at any time after the expiration of the fifteenth year; and I will regularly pay the amount of assessment as so re-adjusted.

3. The title conveyed by this lease is heritable and transferable, provided however that I am not empowered to divide this lot or to transfer it except as a whole, or to create therein any under-tenure beyond the term of lease, or on terms inconsistent with the terms thereof. No transfer shall be valid as against Government, but on the contrary be equivalent to a surrender of this lease, unless notice of the transfer be given by the transferee to the Collector within two months of the transfer.

4. If I create any under-tenure, I will impose on the under-tenant a condition that he shall not create any lower under-tenure, but shall let the land to cultivating ryots only. Any under-tenure which may be created by any person to whom I may sublet, shall be invalid and liable to be set aside.

5. I shall not raise any objection to the full and punctual payment of the said revenue on the score of inundation, drought, depredation by wild beasts, diluvion, desertion, death, or other accident affecting the value of the said land or the outturn thereof; and I shall have no claim to abatement of revenue on any such account.

6. On the occurrence of any arrear in the payment of revenue, the Collector may sell the lot by auction under the provisions of Act XI of 1859, or recover the amount due by issue of certificates under any law for the time being in force relating to the recovery of arrears of revenue or of other public demands.

7. I shall not interfere with any right of the villagers relating to grazing cattle and taking fuel. I shall not fell any of the following timbers growing on the lands of my settlement without the special permission of the Collector, nor shall I allow any other person to do so; and I have no power to sell them. Such trees are exclusively Government property:—

- | | | |
|------------|---------------|----------------|
| 1. Jarool. | 4. Shagoon. | 7. Chowangiri. |
| 2. Telsur. | 5. Gurjun. | 8. Chagaroshi. |
| 3. Toon. | 6. Chapalish. | 9. Gamar. |

8. I have no right to rivers, fisheries, and mines, which are all Government property. The Government also reserves to itself the right to all minerals on the lands, together with such rights of way and other reasonable facilities as may be requisite for working, getting, and carrying away such minerals.

9. Beyond the fixed Government revenue and the things mentioned above, the Government shall have no claim to any profit which may accrue from the land included in this engagement during the currency of this engagement.

10. Any land covered by the lease which may at any time be required for a public purpose may be taken up by Government free of cost, a deduction being made in the amount of assessment payable under the lease proportional to the area so taken up, and compensation being made for the value of any improvement or property therein under the provisions of the law in force for the time being for the acquisition of land for public purposes.

11. I shall be at liberty to bring under cultivation waste lands covered by this engagement and to fix rent thereon.

12. † I will from time to time erect and repair the embankments, drainage channels, and outlets, in order to prevent the encroachment of any sea or river on the said lands, or the great accumulation of the water thereon. In case of my failure to do so, the Government may enter on the land and take up the repairs, and may recover the costs of the same with all incidental charges, as if the same were an arrear of revenue due on this lot.

9. I will not allow any thief, dacoit, proclaimed offender, or notable bad character to find refuge within the precincts of the said lands. I will promptly furnish all information which I am or may be required by law to give. I will aid the police in the apprehension of offenders.

13. For violation of any of the conditions of this engagement, the Government will be at liberty to annul this engagement, and thereupon I shall lose all right in the lot.

14. Unless I am evicted from the lot during the currency of the present settlement in accordance with the conditions of this agreement, I or my heirs or assigns shall be entitled, at the end of this term of settlement, to resettlement on such terms and for such period not being less than twenty years as may then be fixed by Government, but in case of my refusal to engage for the payment of the amount of revenue which Government may hereafter deem expedient to fix for the land included in this engagement, I shall be liable to ejectment from the land, and I having no proprietary right, shall not have any claim to malikana.

H. J. REYNOLDS,
Secy. to the Govt. of Bengal.

† In the case of leases granted under rule 22, "I or we will, within years from the date of this lease, erect and thenceforward from time to time repair and renew such sufficient embankments, drainage channels, and outlets, as shall serve effectually to protect the said lands from any encroachment of any sea or river, or any great accumulation of water thereon. In case of my (or our) failure to do so, the Government may enter on the land and take up the repairs, and may recover the costs of the same with all incidental charges, as if the same were an arrear of revenue due from the lot."

The 10th May 1880.—The following letter from the Accountant-General, Bengal, with the appended list, is published in continuation of this Department Resolution dated the 9th February 1879.

H. J. REYNOLDS,
Secy. to the Govt. of Bengal.

NOTIFICATION.

The 4th February 1880.—The Lieutenant-Governor is pleased to publish for general information the following Order in Council, and the Regulations appended thereto, for preventing collisions at sea, which will come into force on the 1st September 1880.

H. J. REYNOLDS,
Secy. to the Govt. of Bengal.

At the Court at Osborne House, Isle of Wight, the 14th day of August 1879.

PRESENT:

THE QUEEN'S MOST EXCELLENT MAJESTY IN COUNCIL.

WHEREAS by "The Merchant Shipping Act Amendment Act, 1862," it was enacted that on and after the first day of June one thousand eight hundred and sixty-three, or such later day as might be fixed for the purpose by Order in Council, the Regulations contained in the table marked C in the schedule to the said Act should come into operation and be of the same force as if they were enacted in the body of the said Act; but that Her Majesty might from time to time, on the joint recommendation of the Admiralty and the Board of Trade, by Order in Council, annul or modify any of the said Regulations, or make new Regulations in addition thereto or in substitution therefor; and that any alterations in, or additions to, such Regulations made in manner aforesaid should be of the same force as the Regulations in the said schedule:

And whereas by the same Act it was further provided that whenever it should be made to appear to Her Majesty that the Government of any foreign country was willing that the Regulations for preventing collisions contained in Table C in the schedule to the said Act, or such other Regulations for preventing collisions as are for the time being in force under the said Act, should apply to the ships of such country when beyond the limits of British jurisdiction, Her Majesty might, by Order in Council, direct that such Regulations should apply to the ships of the said foreign country, whether within British jurisdiction or not; and it was further provided by the said Act that whenever an Order in Council had been issued applying any Regulation made by, or in pursuance of, the said Act to the ships of any foreign country, such ships should in all cases arising in any British court, be deemed to be subject to such Regulation, and should, for the purpose of such Regulation, be treated as if they were British ships:

And whereas by an Order in Council made in pursuance of the said recited Act, and dated the ninth day of January one thousand eight hundred and sixty-three, Her Majesty was pleased to direct:—First, that the Regulations contained in the schedule to the said Act should be modified by the substitution for such Regulations of certain Regulations appended to the said Order;

Secondly, that the said Regulations appended to the said Order should, on and after the first day of June one thousand eight hundred and sixty-three, apply to French ships, whether within British jurisdiction or not:

And whereas by several Orders in Council subsequently made, Her Majesty was pleased to direct that the Regulations appended to the said Order of the ninth of January one thousand eight hundred and sixty-three, should apply to ships of the countries specified in the said Orders, whether within British jurisdiction or not:

And whereas by Order in Council, dated the thirtieth day of July one thousand eight hundred and sixty-eight, Her Majesty, on the joint recommendation of the Admiralty and the Board of Trade, was pleased to make certain additions to the Regulations appended to the said first-recited Order in Council, for the purpose of explaining Articles 11 and 13 of the said Regulations, and of removing doubt and misapprehension concerning the effect of the said two Articles:

And whereas the Admiralty and the Board of Trade have jointly recommended to Her Majesty that the Regulations contained in the Order in Council dated the ninth day of January one thousand eight hundred and sixty-three, and the additions to the said Regulations contained in the said Order in Council of the thirtieth day of July one thousand eight hundred and sixty-eight, shall be annulled from the first day of September one thousand eight hundred and eighty, and that there shall be substituted for the said Regulations and additions respectively the new Regulations hereinafter set forth:

And whereas it has been made to appear to Her Majesty that the governments of the several foreign countries mentioned in the second schedule hereto are respectively willing that the Regulations contained in the first schedule hereto shall apply to ships of the said countries respectively, whether within British jurisdiction or not:

Now therefore Her Majesty, by virtue of the powers vested in Her by the said recited Act, and by and with the advice of Her Privy Council, is pleased to direct:—

First, that on and after the first day of September one thousand eight hundred and eighty, the Regulations appended to the said order in Council of the ninth day of January one thousand eight hundred and sixty-three, and the additions to the said Regulations contained in the said Order in Council of the thirtieth day of July one thousand eight hundred and sixty-eight, shall be annulled, and that there shall be substituted for the said Regulations and additions respectively the new Regulations contained in the first schedule hereto.

Second, that the said Regulations contained in the said first schedule hereto shall, from and after the first day of September one thousand eight hundred and eighty, apply to ships of the countries mentioned in the said second schedule hereto, whether within British jurisdiction or not.

C. L. PEM.

FIRST SCHEDULE.

REGULATIONS FOR PREVENTING COLLISIONS AT SEA.

Preliminary.

ART. 1. In the following rules every steam-ship which is under sail and not under steam is to be considered a sailing ship; and every steam-ship which is under steam, whether under sail or not, is to be considered a ship under steam.

Rules Concerning Lights.

ART. 2. The lights mentioned in the following Articles, numbered 3, 4, 5, 6, 7, 8, 9, 10, and 11, and no others, shall be carried in all weathers, from sunset to sunrise.

ART. 3. A seagoing steam-ship when under way shall carry—

- (a.) On or in front of the foremast, at a height above the hull of not less than 20 feet, and if the breadth of the ship exceeds 20 feet then at a height above the hull not less than such breadth, a bright white light, so constructed as to show an uniform and unbroken light over an arc of the horizon of 20 points of the compass; so fixed as to throw the light 10 points on each side of the ship, viz. from right ahead to 2 points abaft the beam on either side; and of such a character as to be visible on a dark night, with a clear atmosphere, at a distance of at least five miles.
- (b.) On the starboard side, a green light so constructed as to show an uniform and unbroken light over an arc of the horizon of 10 points of the compass; so fixed as to throw the light from right ahead to 2 points abaft the beam on the starboard side; and of such a character as to be visible on a dark night, with a clear atmosphere, at a distance of at least two miles.
- (c.) On the port side, a red light, so constructed as to show an uniform and unbroken light over an arc of the horizon of 10 points of the compass; so fixed as to throw the light from right ahead to 2 points abaft the beam on the port side, and of such a character as to be visible on a dark night, with a clear atmosphere, at a distance of at least two miles.
- (d.) The said green and red side lights shall be fitted with inboard screens, projecting at least three feet forward from the light, so as to prevent these lights from being seen across the bow.

ART. 4. A steam ship, when towing another ship, shall, in addition to her side lights, carry two bright white lights in a vertical line one over the other, not less than three feet apart, so as to distinguish her from other steam-ships. Each of these lights shall be of the same construction and character, and shall be carried in the same position, as the white light which other steam-ships are required to carry.

ART. 5. A ship, whether a steam-ship or a sailing ship, when employed either in laying or in picking up a telegraph cable, or which from any accident is not under command, shall at night carry in the same position as the white light which steam-ships are required to carry, and, if a steam-ship, in place of that light, three red lights in globular lanterns, each not less than 10 inches in diameter, in a vertical line one over the other, not less than three feet apart; and shall by day carry in a vertical line one over the other, not less than three feet apart, in front of but not lower than her foremast head, three black balls or shapes, each two feet in diameter.

These shapes and lights are to be taken by approaching ships as signals that the ship using them is not under command, and cannot therefore get out of the way.

The above ships when not making any way through the water, shall not carry the side lights, but when making way shall carry them.

ART. 6. A sailing ship under way, or being towed, shall carry the same lights as are provided by Article 3 for a steam-ship under way, with the exception of the white light, which she shall never carry.

ART. 7. Whenever, as in the case of small vessels during bad weather, the green and red, side lights cannot be fixed, these lights shall be kept on deck, on their respective sides of the vessel, ready for use; and shall, on the approach of or to other vessels, be exhibited on their respective sides in sufficient time to prevent collision, in such manner as to make them most visible, and so that the green light shall not be seen on the port side nor the red light on the starboard side.

To make the use of these portable lights more certain and easy, the lanterns containing them shall each be painted outside with the colour of the light they respectively contain, and shall be provided with proper screens.

ART. 8. A ship, whether a steam-ship or a sailing ship, when at anchor, shall carry where it can best be seen, but at a height not exceeding 20 feet above the hull, a white light, in a globular lantern of not less than eight inches in diameter, and so constructed as to show a clear uniform and unbroken light visible all round the horizon, at a distance of at least one mile.

ART. 9. A pilot vessel, when engaged on her station on pilotage duty, shall not carry the lights required for other vessels, but shall carry a white light at the mast head visible all round the horizon, and shall also exhibit a flare-up light or flare-up lights at short intervals which shall never exceed fifteen minutes.

A pilot vessel, when not engaged on her station on pilotage duty, shall carry lights similar to those of other ships.

ART. 10. (a)—Open fishing boats and other open boats when under way shall not be obliged to carry the side lights required for other vessels; but every such boat shall in lieu thereof have ready at hand a lantern with a green glass on the one side and a red glass on the other side; and on the approach of or to other vessels such lantern shall be exhibited in sufficient time to prevent collision, so that the green light shall not be seen on the port side nor the red light on the starboard side.

(b)—A fishing vessel and an open boat when at anchor shall exhibit a bright white light.

(c)—A fishing vessel when employed in drift net fishing, shall carry on one of her masts two red lights in a vertical line one over the other, not less than three feet apart.

(d)—A trawler at work shall carry on one of her masts two lights in a vertical line one over the other, not less than three feet apart, the upper light red and the lower green, and shall also either carry the side lights required for other vessels, or if the side lights cannot be carried, have ready at hand the coloured lights as provided in Article 7, or a lantern with a red and a green glass as described in paragraph (a) of this Article.

(e)—Fishing vessels and open boats shall not be prevented from using a flare-up in addition if they desire to do so.

(f)—The lights mentioned in this Article are substituted for those mentioned in the 12th, 13th, and 14th Articles of the Convention between France and England scheduled to the British Sea Fisheries Act, 1868.

(g)—All lights required by this Article, except side lights, shall be in globular lanterns so constructed as to show all round the horizon.

ART. 11. A ship which is being overtaken by another shall show from her stern to such last-mentioned ship a white light or a flare-up light.

Sound Signals for Fog, &c.

ART. 12. A steam-ship shall be provided with a steam whistle, or other efficient steam sound signal, so placed that the sound may not be intercepted by any obstructions, and with an efficient fog horn to be sounded by bellows or other mechanical means, and also with an efficient bell. A sailing ship shall be provided with a similar fog horn and bell.

In fog, mist, or falling snow, whether by day or night, the signals described in this Article shall be used as follows, that is to say—

(a)—A steam-ship under way shall make with her steam whistle, or other steam sound signal, at intervals of not more than two minutes, a prolonged blast.

(b)—A sailing ship under way shall make with her fog horn, at intervals of not more than two minutes, when on the starboard tack one blast, when on the port tack two blasts in succession, and when with the wind abaft the beam three blasts in succession.

(c)—A steam ship and a sailing ship when not under way shall, at intervals of not more than two minutes, ring the bell.

Speed of Ships to be moderate in Fog, &c.

ART. 13. Every ship, whether a sailing ship or steam-ship, shall in a fog, mist, or falling snow go at a moderate speed.

Seering and Sailing Rules.

ART. 14. When two sailing ships are approaching one another, so as to involve risk of collision, one of them shall keep out of the way of the other as follows, viz:—

(a)—A ship which is running free shall keep out of the way of a ship which is close-hauled.

(b)—A ship which is close-hauled on the port tack shall keep out of the way of a ship which is close-hauled on the starboard tack.

(c)—When both are running free with the wind on different sides, the ship which has the wind on the port side shall keep out of the way of the other.

(d)—When both are running free with the wind on the same side, the ship which is to windward shall keep out of the way of the ship which is to leeward.

(e)—A ship which has the wind aft shall keep out of the way of the other ship.

ART. 15. If two ships under steam are meeting end on, or nearly end on, so as to involve risk of collision, each shall alter her course to starboard, so that each may pass on the port side of the other.

This Article only applies to cases where ships are meeting end on, or nearly end on, in such a manner as to involve risk of collision, and does not apply to two ships which must, if both keep on their respective courses, pass clear of each other.

The only cases to which it does apply are, when each of the two ships is end on, or nearly end on to the other, in other words, to cases in which by day each ship sees the mast of the other in a line, or nearly in a line, with her own; and by night, to cases in which each ship is in such a position as to see both the side lights of the other.

It does not apply by day to cases in which a ship sees another ahead crossing her own course; or by night, to cases where the red light of one ship is opposed to the red light of the other, or where the green light of one ship is opposed to the green light of the other, or where a red light without a green light, or a green light without a red light is seen ahead, or where both green and red lights are seen anywhere but ahead.

ART. 16. If two ships under steam are crossing so as to involve risk of collision, the ship which has the other on her own starboard side shall keep out of the way of the other.

ART. 17. If two ships, one of which is a sailing ship and the other a steam-ship, are proceeding in such directions as to involve risk of collision, the steam-ship shall keep out of the way of the sailing ship.

ART. 18. Every steam-ship when approaching another ship, so as to involve risk of collision, shall slacken her speed, or stop and reverse if necessary.

ART. 19. In taking any course authorized or required by these Regulations a steam-ship under way may indicate that course to any other ship which she has in sight by the following signals on her steam whistle, viz:—

One short blast to mean—"I am directing my course to starboard."

Two short blasts to mean—"I am directing my course to port."

Three short blasts to mean—"I am going full speed astern."

The use of these signals is optional; but if they are used, the course of the ship must be in accordance with the signal made.

ART. 20. Notwithstanding anything contained in any preceding Article every ship whether a sailing ship or steam-ship overtaking any other, shall keep out of the way of the overtaken ship.

ART. 21. In narrow channels every steam-ship shall, when it is safe and practicable, keep to that side of the fair way or midchannel which lies on the starboard side of such ship.

ART. 22. Where by the above rules one of two ships is to keep out of the way the other shall keep her course.

ART. 23. In obeying and construing these rules due regard shall be had to all dangers of navigation, and to any special circumstances which may render a departure from the above rules necessary in order to avoid immediate danger.

No Ship under any circumstances to neglect proper precautions.

ART. 24. Nothing in these rules shall exonerate any ship, or the owner, or master, or crew thereof, from the consequences of any neglect to carry lights or signals, or of any neglect to keep a proper look-out, or of the neglect of any precaution which may be required by the ordinary practice of seamen, or by the special circumstances of the case.

Reservation of Rules for Harbours and Inland Navigation.

ART. 25. Nothing in these rules shall interfere with the operation of a special rule duly made by local authority relative to the navigation of any harbour, river, or inland navigation.

Special Lights for Squadrons and Convoys.

ART. 26. Nothing in these rules shall interfere with the operation of any special rules made by the Government of any nation with respect to additional station and signal lights for two or more ships of war, or for ships sailing under convoy.

The 7th May 1880.—The following Rules for Cultivation Leases of small lots of Waste Land in the Regulation District of Chittagong are published for general information :—

These rules shall be applicable to all such waste lands being the property of Government and not included in, or required for inclusion in, other settlements, taluki or other, within the limits of the Regulation District of Chittagong, as shall from time to time be applied for by small capitalists for the purposes of ordinary native cultivation.

2. Such lands so applied for shall, with the exception hereinafter provided, be divided into lots of about 50 acres, and their leases disposed of by public auction to the highest bidder. The land shall be divided into lots by the Collector, either according to the wishes of applicants or as may be convenient, but he must be very careful to define the lot as clearly as possible at time of sale.

3. The first lease shall run in every case to the general year of resettlement for the district, viz. 1898 A.D., and the lessee shall have a right of resettlement on such terms and for such period as may then be fixed, provided that the resettlement shall not be for a less period than 20 years.

4. Selected tracts of available waste land shall be put up to auction from time to time. A general notice shall be issued setting forth that leases of the waste lands situated in the mouza or locality specified, will be put up to public auction on a specified date in such lots not exceeding 50 acres as may be applied for, and inviting persons who may wish to bid for any lot or lots of the said lands to put in written application for the same within one month from the date of the publication of the notice.

5. This general notice shall be in the form set out in Appendix A, and shall be published by posting up copies in the offices of the Settlement Officer and the Collector, in the police-station within whose jurisdiction the village lies, and in some conspicuous part of the villages containing or adjoining the tract.

6. The applications for leases therein invited shall be required to contain--

- (1) The name, father's name, and residence of the applicant;
- (2) A specification of the area, situation, boundaries, and general description of the land applied for, so far as they can be ascertained without a detailed survey.

7. On the date fixed in the general notice, all plots that have been applied for shall be put up to auction and leased to the highest bidder.

8. Plots subsequently applied for shall from time to time be put up to auction and disposed of in like manner.

9. At time of sale the Collector shall be careful to notify that the sale is made subject to these rules.

10. It will in every case be in the discretion of the Collector, Settlement Officer, or other officer empowered to hold auctions, when putting up the leases to public competition, to classify the plots as first or second class waste, and to fix the upset rates accordingly.

Those rates will be—

For first class waste.—From the first to the end of the fifth year, at two annas an acre.

From the sixth to the end of the tenth year, at five annas an acre.

Cultivation then found to be measured and assessed at Rs. 2 an acre, the waste remaining at five annas an acre.

For second class waste.—From the first to the end of the fifth year, at one anna and a quarter an acre.

From the sixth to the end of the tenth year, at two annas and a half an acre.

Cultivation then found to be measured and assessed at Re. 1-4 an acre, the waste remaining at two annas and a half an acre.

11. It shall be a condition of the sale that at the end of the tenth year of the lease, or as soon after as the Collector may think proper, a measurement of the land under cultivation may be made, and the assessment re-adjusted in respect of the area so found, according to the above rates. Any *sunn* and *gorjon kholas* found shall also then be assessed at fair rates. One more similar measurement and re-adjustment of the assessment may be made at any time after the end of the fifteenth year, after which no further measurement or re-adjustment of assessment shall be made till the lease expires.

12. The purchasers of the lots, within one week after the auction, shall deposit the amount of the first year's rental, which shall be taken to cover the expense of mapping, measuring, and demarcating the lots; and no further payment on this account shall be required from the lessee. But the lessee shall bear the cost of clearing the boundary trace when it passes through jungle. If the amount of the first year's rental be not deposited within one week as required above, plus the estimated cost of clearing the boundary trace when necessary, the sale may at the discretion of the Collector be held void, and the lease again put up to auction.

13. An *amin* shall then be deputed to the village to measure and map the lots and to demarcate the boundaries.

14. The map shall be on the scale of 32 inches to the mile, and shall show all natural features of the plots, such as khals and hills, and shall also show all public pathways. The position of the plot shall in every case be fixed by an offset taken from some permanent and recognizable landmark in the vicinity.

15. The amin shall prepare a field-book of each lot, showing clearly the position and identification of the lands lying within its boundary and also the total area.

16. In demarcating the lots natural boundaries shall be followed as far as possible. The boundaries shall in every case be further demarcated by marks, consisting of posts or tree-stems set in mounds of earth at every angle of the boundary. On receipt of the amin's report a lease shall be granted to the purchaser in a form which shall be the counterpart of the form of kabuliyat given in Appendix B, together with a copy of the amin's map.

17. If at the time of giving possession of the lot to the lessee any dispute shall arise as to its boundaries or its identity with the lot of which he purchased the lease, the purchaser shall be bound by the decision of the Collector, and if dissatisfied therewith, may throw up the lease, in which case the amount paid as purchase-money will be repaid to him without interest, after deducting any actual expenses incurred on survey, demarcation, or otherwise.

18. Any land covered by the lease which may at any time be required for a public purpose, may be taken up by Government free of cost, a reduction being made in the rent payable under the lease proportional to the area taken up by Government; but the value of any improvement or property therein shall be paid to the lessee, and shall be assessed under the provisions of the law in force for the time being for the acquisition of land for public purposes.

19. The Government reserves to itself the right to all minerals on the lands which may be leased, together with such rights of way and other reasonable facilities as may be requisite for working, getting, and carrying away such minerals.

20. The title conveyed by the lease shall be heritable and transferable, provided that no transfer shall be made of less than the whole area, and that no transfer shall be valid as against Government, but shall, on the contrary, be equivalent to a surrender of the lease, unless notice of the transfer shall have been given by the transferee to the Collector within two months of the transfer.

21. No sub-tenure inconsistent with the conditions, or for a period beyond the term of the lease, can be granted by the lessee, and if the lessee creates an undertenure he shall be bound to impose a condition prohibiting his undertenant from creating any lower undertenure. Such undertenant shall be bound to let to cultivating ryots only.

22. In the case of lands exposed to salt-water inundation and requiring to be protected by embankment, the above rules shall be subject to the following modifications:—

(a.) The Collector or other officer empowered in that respect may, at his discretion, offer such lands to auction in lots of such area greater than 50 acres as may be applied for either by a single applicant or by several applicants jointly: provided that such area be not more than can, in the circumstances of the locality, be effectively protected by a single continuous outer line of embankment, and shall in no case exceed 200 acres if settled with a single applicant, or 50 acres per each applicant if with several applicants jointly.

(b.) The outer boundary of the grant having been duly demarcated and boundary marks placed by the amin, the applicants shall be required, on pain of forfeiture of the grant in case of default, to complete the demarcation of boundary, within one year from the date of auction, by the erection, at their own cost, of the necessary embankment.

(c.) In the case of a joint application by several persons, the distribution amongst them of the land within the joint embankment shall be matter of private agreement amongst themselves, and they shall be jointly and severally responsible for the rent of the whole.

23. The rent payable on waste lands leased under these rules shall be paid to the same persons and in the same manner as the revenue payable from Noabad taluks. The last days of payment will be the same as those fixed for payment of Government revenue by zemindars in the Chittagong district.

24. Payment of the rent due on leases granted under these rules shall be enforced and arrears realized by the same process as in the case of Noabad taluks.

NOTICE

[Appendix A, referred to in Rule 5.]
